

DECEMBER 3 - 5, 2025 | HARLOW, UK

MEEE 2025

<https://www.meee.org/>

2025 the 4th International Conference on Mechatronics and Electrical Engineering (MEEE 2025) will be held in Harlow, UK during December 3-5, 2025.

International Conference on Mechatronics and Electrical Engineering is an annual event which aims at a key theme on Mechatronics and Electrical Engineering. It will feature world-class plenary speakers, major technical symposiums, industry and academic panels, workshops, tutorials and invited tracks.

CALL FOR PAPERS

Advanced Manufacturing
Advanced Motion Control in Mechatronics
Advances in Aerospace and Automotive
Agile Manufacturing
Construction, Industrial Automation, Manufacturing Process
Artificial Intelligence and Intelligent Control
Automation and Control Systems, Middleware
Automotive Control, Autonomous Vehicles, and Electric Vehicles
Biomedical and Rehabilitation Engineering
Lean Manufacturing Logistics
Machine Learning
Machine Vision
Management of Technology
Manufacturing Process and System
Mechatronics and Intelligent Machines
Mechatronics Applications in Agriculture and Regional Industries
Mechatronics applications in Cyber-physical Systems
Mechatronics Engineering

For more topics, please visit: <https://www.meee.org/cfp.html>

Publication

Accepted papers of MEEE 2025 after proper registration and presentation will be collected into Conference Proceedings.

Submission

1. For full paper, please upload to <http://www.zmeeting.org/submission/meee2025>
2. For abstract, please send it to meee-conf@outlook.com

For more details about submission, please visit at <https://www.meee.org/sub.html>

Important Dates

Submission Deadline: July 30, 2025

Acceptance Notification: August 30, 2025

Registration Deadline: September 15, 2025

Conference Date: December 3-5, 2025

Contact

Conference Secretary: Mary Zhan

E-mail: meee-conf@outlook.com

(Monday-Friday: 10:00am-6:00pm (GMT+8))
